PTCWA MEMBERSHIP:

The Professional Teaching Council of Western Australia (PTCWA) is the peak body representing voluntary professional education associations within Western Australia. As an umbrella body representing individual associations, PTCWA represents over 9,000 teachers across all sectors and all learning areas.

The key aim of PTCWA is to promote professionalism in teaching through an enhancement of the work of professional education associations. It provides a wider context for the work of these associations through facilitation of networking and communication between individual associations.

Professional education associations are autonomous groups of educators with a particular area of educational interest.
